

Agriculture Material Weighing

TT Weigh+

Load measurements for multiple tipping trailers

Fast, accurate load weighing

Specifically designed for multiple tipping trailers, TT Weigh+ combines an integrated sensor to measure hydraulic pressure with an easy-to-use display providing you with accurate, real-time load measurements.

Accurate, real-time load measurement
(Tonnes, Kg, Lbs)

Rugged and reliable
(IP67 rating)

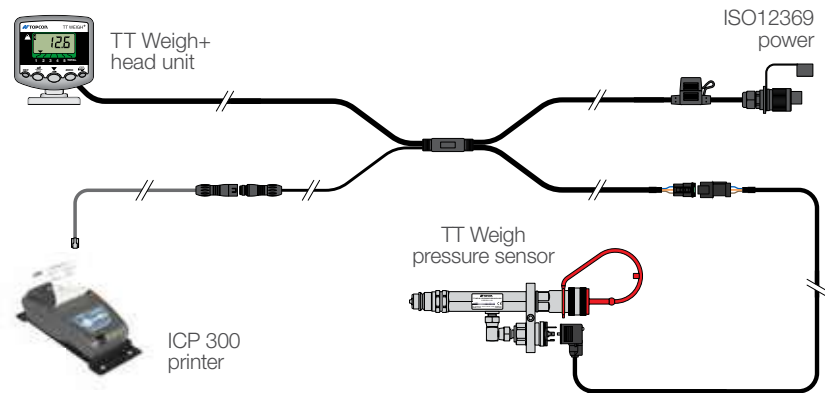

Integrated alarm to notify capacity

Universal tipping trailer compatibility

5 channel sub totals with total summary for logging including use with up to 5 trailers

Optional in-cab print out enhancement

Schematic

SPECIFICATIONS

Operating Voltage	10 – 30 VDC
Sensor Range	0 – 250 bar
Temperature Range	-20° to +40°C operating
System Accuracy	+/- 3% of trailer capacity
Environmental Protection	Instrument until IP67 and sensor IP65
EMC	2014/30/EU, ISO 14982

Related Solutions

Weighlog alpha10

Load measurement and logging for loaders and forklifts with multiple attachments, as well as rigid dump trucks.

Weighlog 300

Load measurement for loaders and forklifts with multiple attachments.
